1. 地震当日2011.3.11の私の体験

地震当日はちょうど下校途中でした。わたしは友達と楽しくはなしていましたが、突然大きな揺れがおきました。電線が揺れ、店の棚がすべて倒れたりしました。いきなりの揺れだったので、みんな動揺していました。

1. My experience of earthquake day 2011.3.11

I was just leaving school on the earthquake day. I talked with a friend happily, but suddenly big rolling got up. An electric wire shook, and all the shelves of the shop fell down. Because it was very sudden rolling, everybody was surprised.

2. 地震後3ヶ月の私の動き

私は、はじめ家の電気がつかなかったので、蝋燭や懐中電灯を使って過ごしていました。また、3月ということもあり肌寒い期間でした。当然、電気も点かなかったので石油ストーブで暖をとっていました。そして、こうした状況のなかで一番重要になるのが地震に関する情報です。テレビは付かないのでラジオを使い、他県の被害状況や対策の情報を収集していました。

2. My movement 3-month after an earthquake

Because the electricity was not turned on, I spent with a candle and a flashlight. In addition, it was March and the chilly period. I took the warmth by an oil stove because the electricity did not work. And it was the most important to get the information about the earthquake. Because we could not use the TV, I used cell radio to get information of the damages.

3 今私にできること

震災がおこってから、4ヶ月あまりがたちましたが、そうしたなかで募金というのが目立ちました。被災地ではろくに食事もできず、衣服もすくないので、他県から、また外国からの義捐金を集めてすこしでも快適な暮らしができるように援助することすることが、自分の役目だと思います。

3.Be born to me now

More than four months passed since the earthquake disaster was occurred, but the fund-raising was outstanding. I cooperated to the campaign. In a stricken area, I think that they have severe condition on foods and cloths. My duty is to assist them. That should be getting the contributions from a foreign country and other prefecture.東日本大震災の詳しい内容はこちら↓

1. My experience of earthquake day 2011.3.11

I was just leaving school on the earthquake day. I talked with a friend happily, but suddenly big rolling got up. An electric wire shook, and all the shelves of the shop fell down. Because it was rolling for the breath, everybody was upset.

2. My movement 3-month after an earthquake

Because the electricity of the person of beginning was not turned on, I spent it with a candle and a flashlight. In addition, it was March and the period that I might say, and were chilly. Naturally I took the warmth with an oil stove because the electricity did not stick. And it is the information about the earthquake to become most important in such situation. Because I was not accompanied, TV collected the information of the damage s

3. Be born to me now

More than four months passed since an earthquake disaster was generated, but the fund-raising was outstanding while I did so it. The meal is hardly possible at the stricken area and thinks that what it does to help so that I gather the contributions from the foreign country again from the other prefectures, and it is possible for the living that few, is comfortable is one's duty because there are few clothes. ituation and

the measures of other prefectures with a radio.
